We're asking for your help

The school district is considering a bond issue for August that would include some facility upgrades. YOU are invited to participate in public community meetings to learn more and provide YOUR feedback.

Current bond issue concepts:

- ◆ Shift more operational expenses from the general fund to bond funds to help preserve staff positions and class sizes
- ◆ Equip students and classrooms with computing devices; update classroom touchscreen teaching walls, furniture, and finishes
- ◆ Renovate middle school auditoriums and elementary playgrounds
- ◆ Improve the reconfigured facilities for our athletics and music programs
- ◆ Update Jane Phillips and Hoover to match the other schools
- ◆ Fund needed maintenance and repairs
- ◆ Update our old bus fleet and other vehicles
