Payment for Meals

A computerized system is used for recording and accounting for meals and money. Each child is issued a bar coded account number. Advance payment for meals is credited (+) into each individual account and meals purchased are debited (-) out of the same account.

Secondary students may use their meal accounts to purchase a la carte and snack bar items in addition to the traditional meals. Purchases can be limited to “*meals only*” upon parental request.

Advance payments are made directly to the cafeteria manager or cashier before school or during meal service. The school office, secretaries and teachers do not handle meal moneys. Advance payment may be made in any convenient amount. Please send checks or money orders when sending payment with students. Misplaced cash is very difficult if not impossible to track. Please make checks payable to: ***ISD #30 Child Nutrition.***

On-Line Payment

Credit or debit card payments may be made by creating a student meal payment account on www.myschoolbucks.com (you will need the student’s ID# and birthdate). With a “myschoolbucks” account, parents will receive low balance notices by email. Parents also have the ability to view student sales history, set daily or weekly spending limits, control purchases, and select the automatic pre-payment option. “myschoolbucks” can be accessed from the school district website.

Payment Reminders

A payment reminder is displayed on the point of sale terminal anytime account balance equals \$15.00 or less. Students will be told each time the reminder is displayed. This will give the students ample opportunity to apply payment to the account.

Charges

Secondary students are not allowed to charge meals or charge a la carte purchases.

Balance Carried Forward

Balances remaining Credit/Debit on account at the end of the school year will be carried forward into the following school year. Upon written request, refunds can be issued during the school year in which the payment was made, but no later than **May 1, 2020**.

Free and Reduced Price Meals

To receive free or reduced-priced meals, a parent or guardian must fill out an application for the family.

How to Apply

1) The fastest and most convenient way to apply for free or reduced price meals for your child or children is online at <http://bartlesvilleisd30.school lunchapp.com>

The online application process is safe, secure and private, and it's available anytime and anywhere you have access to the Internet. Your data is transmitted to the Bartlesville Schools Child Nutrition Office the same day you apply, allowing for quicker processing so you can receive benefits faster.

All families are encouraged to complete this application and take advantage of the breakfast and lunch programs. Please allow 10 business days for processing for the Free and Reduced Price Meal program. Application may be made at any time during the school year.

Applications must be processed, eligibility determined, and approval notification made before students receive free or reduced price meals. This process may take up to ten working days. *Students are responsible for paying full price for all meals received prior to application approval.*

Individual Free and Reduced Price Meal application information remains confidential within the Child Nutrition Office. All families are encouraged to make application as the statistical information pertaining to the number of students qualifying for benefits is a determining factor in the federal and state funding allocated to the District for educational programs.

Qualifying families may also be eligible for discounts for other programs and services within the District and community. The "Eligibility Notification Letter" for meal benefits may provide benefits other than meals.
