

SchoolLunchApp.com

Secure, state-of-the-art web-based solution for online **Free & Reduced** application entry.

Eliminate

printing paper applications, and sending them home or distributing them to schools in your district.

Never worry about

lost or misplaced applications, or couriering them between schools and central office.

Remove the burden

of tasking staff with reviewing applications, and sending them home for missing information.

SchoolLunchApp.com allows parents and guardians to apply for meal benefits online, in the complete privacy and convenience of their home. Providing easier access to more parents in your community is an effective way to increase participation in your program.

SchoolLunchApp.com is available anywhere there is an internet connection, allowing parents to securely register their children so they can receive benefits faster.

SchoolLunchApp.com is green technology, significantly reducing the number of paper applications to process and handle. No printing, no filing, no lost apps, no paper handling!

SchoolLunchApp.com integrates seamlessly with your current Nutri-Scan system.

SchoolLunchApp.com is easy to set up and use, with no software to install, no hardware to purchase, and no updates to maintain.

SchoolLunchApp.com performs a number of validation checks during the application process; ensuring only complete applications are received.

SchoolLunchApp.com offers a secure, state-of-the-art web-based application that uses three independent data encryption methods, and meets all USDA requirements.

SchoolLunchApp.com complies with all Federal and State checklists for online application entry.
